Anti-TUBA4A

Source: Goat

General description: Goat polyclonal antibody to alpha tubulin. Microtubules of the eukaryotic cytoskeleton perform essential and diverse functions and are composed of a heterodimer of alpha and beta tubulin. The alpha and beta tubulins represent the major components of microtubules, while gamma tubulin plays a critical role in the nucleation of microtubule assembly.

Alternative names: TUBA1, TUBA4A antibody.

Form: Polyclonal antibody supplied as a 200 µl (3 mg/ml) aliquot in PBS, 20% glycerol and 0.05% sodium azide. This antibody is epitope-affinity purified from goat antiserum.

Immunogen: Purified recombinant peptide derived from within residues 80 aa to the N-terminus of human alpha tubulin produced in E. coli.

Specificity: This antibody gives a positive signal in the following human (HeLa), rat (NRK), mouse (AtT-20), dog (MDCK) whole cell lysates.

Reactivity: Reacts with Human, Rat, Mouse, Monkey and Canine proteins

| Sample | WB | IHC (F) | IHC (P) | IF | ELISA |
|--------|-----|---------|---------|----|-------|
| Human | +++ | ND | ND | ND | ND |
| Rat | +++ | ND | ND | ND | ND |
| Mouse | +++ | ND | ND | ND | ND |
| Canine | +++ | ND | ND | ND | ND |
| Monkey | +++ | ND | ND | ND | ND |

+++ excellent, ++ good, + poor, ND not determined

Usage:

WB: 1:250-1:2,000

Storage: For continuous use, store at 2-8 C for one-two days. For extended storage, store in -20 C freezer.

Working dilution samples should be discarded if not used within 12 hours.

Special instructions: The antibody solution should be gently mixed before use..

Anti-Tubulin alpha4A Ab at 1/1,000 dilution;
lysates at 100 µg per lane; Rabbit polyclonal to goat
IgG (HRP) at 1/10,000 dilution;

For research use only, not for diagnostic use

SICGEN's Proprietary Immunogen Policy

In order to produce high specific antibodies SICGEN has invested a lot of time and effort into selecting immunogen sequences. SICGEN has decided to protect this information by not publishing it on the website. However, these sequences are available on request.
